

ENTREPRENEURSHIP & Me

Can anyone be an entrepreneur?

What is an entrepreneur?

en tre pre neur

a person who organizes and operates a business or businesses, taking on greater than normal financial risks in order to do so.

synonyms: businessman/businesswoman, enterpriser

Who can be an entrepreneur?

- Many people have the chronology of entrepreneurship backwards in their minds. That's why so many people's great business dreams remain just that – only a dream. No one is born an entrepreneur. You don't need to have exceptional characteristics before you start. You don't need to be an entrepreneur before you start. You become an entrepreneur during the process of pursuing your dreams.
- There is no such thing as the entrepreneur type, **Anyone can become an entrepreneur.**

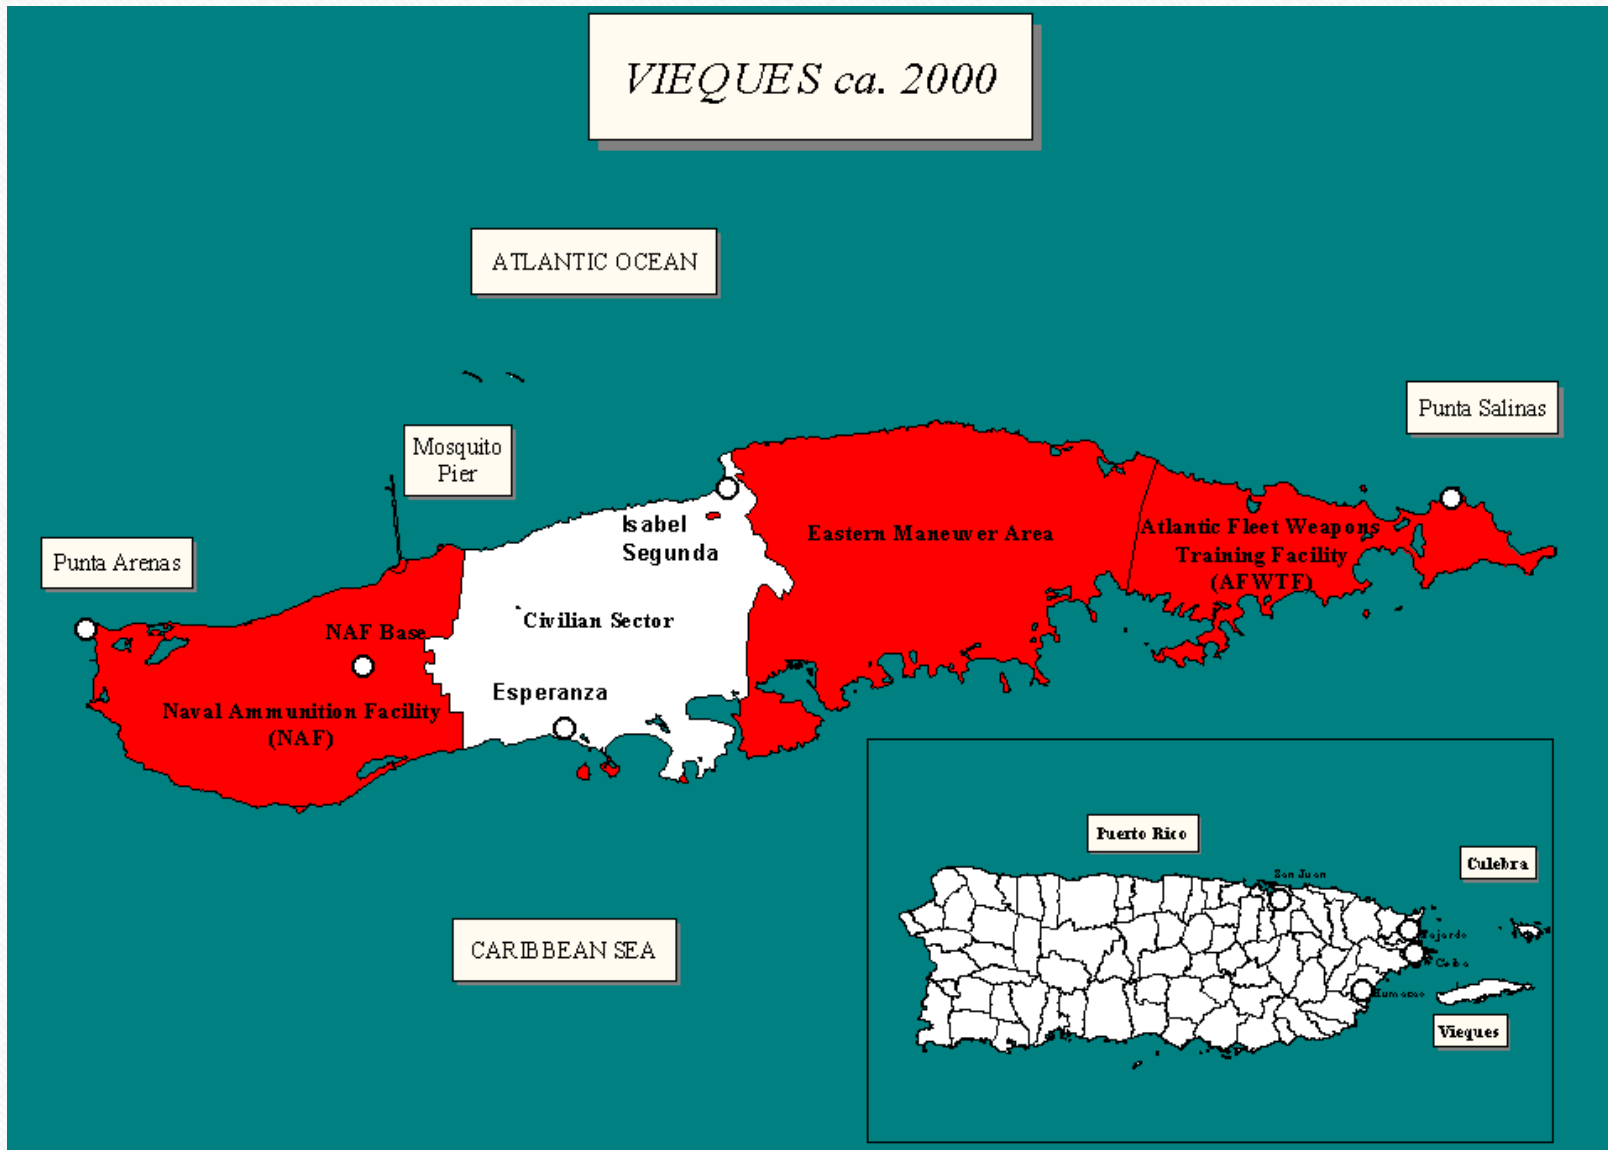

“Entrepreneurship is about making a living while doing something you feel you’re good at, that unleashes your innate talents and where you can be "you" doing. Basically making a living and living at the same time.”
